Reply to Non-Final Office Action of June 5, 2009

This response is in reply to the non-final office action of June 5, 2009, issued in regard to U.S. Patent Application No. 10/069,670 (the "subject application"). Applicant believes that no extension of time is necessary because this response is timely filed within the three-month shortened statutory period. See 35 U.S.C. § 21; M.P.E.P. § 710.05. The three-month date from the mailing of the office action is Sep. 5, 2009, which fell on a Saturday. The following Monday, Sep. 7, 2009, was Labor Day, a national holiday. Applicant believes this response, filed Sep. 8, 2009, is timely because it falls on the first business day after the three-month date. However, Applicant conditionally petitions for any additional extensions of time that may be necessary to provide for the possibility that the need for such a petition has been inadvertently overlooked. As provided below, please charge any required fees or credit any overpayments to Deposit Account No. 50-2324.

Applicants appreciate the Examiner's thorough examination of the subject application and request reexamination and reconsideration of the subject application in view of the following:
